

**DEPARTMENT OF THE AIR FORCE  
90TH MISSILE WING (AFGSC)**

Colonel Johnny L. Galbert  
Commander, 90th Missile Wing  
5305 Randall Avenue  
F. E. Warren AFB WY 82005-2266

Future Wrangler,

Congratulations on your assignment to Francis E. Warren Air Force Base! I am confident our wing will prove to be a rewarding and exciting experience for you and your family. Together, we will continue to make the Mighty Ninety the best assignment in the U. S. Air Force.

Our mission at F. E. Warren is to provide preeminent combat capability across the spectrum of conflict. This includes defending America with Intercontinental Ballistic Missiles that can be put on target, on time, every time, anytime. The 90th Missile Wing performs this role in an outstanding manner. Our missile force provides the backbone of our nation's nuclear capability which plays a significant role in maintaining stability throughout the world during uncertain times. Our list of experts here at F. E. Warren is exactly equal to the number of personnel assigned to the 90th Missile Wing: **everyone is important and necessary for mission success.**

Your first official stop at F. E. Warren, should be your squadron. Your sponsor will assist you in getting to the Warren Welcome Center for in-processing and will familiarize you with the installation. If you were not assigned a sponsor, you may call your unit or the Relocations Assistance Manager at DSN 481-5946 or commercial (307) 773-5946 for assistance.

Once again, welcome! We look forward to you joining our team of dedicated Airmen who strengthen our wing mission 24/7 and make F.E. Warren a rewarding place to work and live. Please have a safe trip and I look forward to meeting you after your arrival.

  
JOHNNY L. GALBERT, Colonel, USAF  
Commander, 90th Missile Wing
