

DEPARTMENT OF THE AIR FORCE
90TH MISSILE WING (AFGSC)

MEMORANDUM FOR DISTRIBUTION A

FROM: 90 MW/CC

SUBJECT: DRAFT Finding of No Significant Impact for the proposed construction of the Missile Transfer Facility at F. E. Warren Air Force Base, Cheyenne, Wyoming

1. F. E. Warren Air Force Base (FEW) proposes to construct a Missile Transfer Facility at FEW, Cheyenne, Wyoming.
2. Pursuant to 40 CFR §1508.13 and 32 CFR §989 *Air Force Environmental Impact Analysis Process*, Federal Agencies shall complete an Environmental Assessment (EA) and, if appropriate, document that the action will not have a significant effect on the environment through a Finding of No Significant Impact (FONSI). FEW completed an EA for the proposed action. The EA, attached and incorporated by reference, includes a complete description of the proposed action, alternatives considered and any anticipated environmental effects.
3. I conclude that the proposed action does not constitute a major federal action significantly affecting the quality of the human environment when considered individually or cumulatively in the context of the referenced act, including both direct and indirect impacts. Therefore, an Environmental Impact Statement (EIS) is not required. My decision to approve the proposed action is based upon the following:
 - a. The construction of the Missile Transfer Facility is essential to meeting mission requirements.
 - b. The Missile Transfer Facility positively impacts the safety and security of U.S. Air Force Assets.
 - c. On 21 November 2017, the Wyoming State Historic Preservation concurred with FEW that the proposed action would have no effect to historic properties.
 - d. The U. S. Fish and Wildlife Service reviewed the proposed action and issued no objections to our findings.
 - e. FEW released a draft copy of the EA to the public for thirty days. FEW received no comments from the public or any other interested parties.
4. The point of contact for this EA is Mr. Travis Beckwith, NEPA Coordinator. He can be reached at (307) 773-3667 or via e-mail at travis.beckwith@us.af.mil.
